

The 2002 winner was **Dr. Elizabeth M. Tandy, Capt. USAF**, for her research entitled “Estrogen modulates female human osteoblast response to surface topography”. The individuals pictured are (left-to-right) Dr. Barbara D. Boyan, Research Mentor; Dr. Elizabeth M. Tandy, Winner 2002 Frechette Award; Mr. James Robinson CDT, Whip Mix Corporation; and Dr. Stephen F. Rosenstiel, Past-President IADR Prosthodontics Group. In addition to the plaque Dr. Tandy received a check for \$1000 courtesy of the Whip Mix Corporation.
